

Dad,

You have without a doubt always been our greatest supporter. Throughout our lives, you have consistently met every idea with the most enthusiasm and support and helped to solve every challenge with the most optimism and confidence. As our families have grown to include husbands and kids, you have supported each of them in this same way. Now it is our turn to support you on this special night since after all, we are your biggest fans. Your accomplishments are inspiring, and watching them through the years is the reason we have always had big dreams and goals of our own. You are so special to each of us — we love you Dad, Pa, Stevie D! Congratulations on this well-deserved honor!

*With love,*

*Ashley, Dan, Bradley, Natalie, Scarlett, Hayley, Ami, Everett, Ryan*
